Information technology security briefing July 19

Joe Ruffini, Information Operations Program manager for System Technology Associates Inc., of Colorado Springs, Colo., will discuss information technology security at 1 p.m. July 19 in Morris Auditorium. Topics include information operations and corporate asset and information protection, training, vulnerability, and threat analysis and assessment. Everyone is invited.

Threat awareness

Computer use today is routine in every phase of our lives. However, with that use comes responsibility to be aware of and respond to threats from those who seek to compromise or misuse our information assets.

**Project
implementation
class July 10-14.
